Signup -

A mobile application interface for a 'SIGN UP' screen. The screen has a purple header bar with a white '< Back' button on the left and the title 'SIGN UP' in white. Below the header, a white card contains the text 'It only takes a minute to start booking your vaccine.' followed by five input fields: 'FULL NAME', 'EMAIL', '+91' (with a dropdown arrow) and 'MOBILE NUMBER', 'PASSWORD', and 'CONFIRM PASSWORD'. Each password field has an eye icon to its right. At the bottom of the card is a large purple button labeled 'CREATE ACCOUNT'. Below the card, the text 'Already have a account? [Sign In](#)' is displayed.

Enter all the field to create a new Sign up. Password and Confirm password must be same. If users already have an account then choose Sign In link for the login.

API - Sign Up

Method - POST

<http://13.235.94.105/eportal/api/Account/signup>

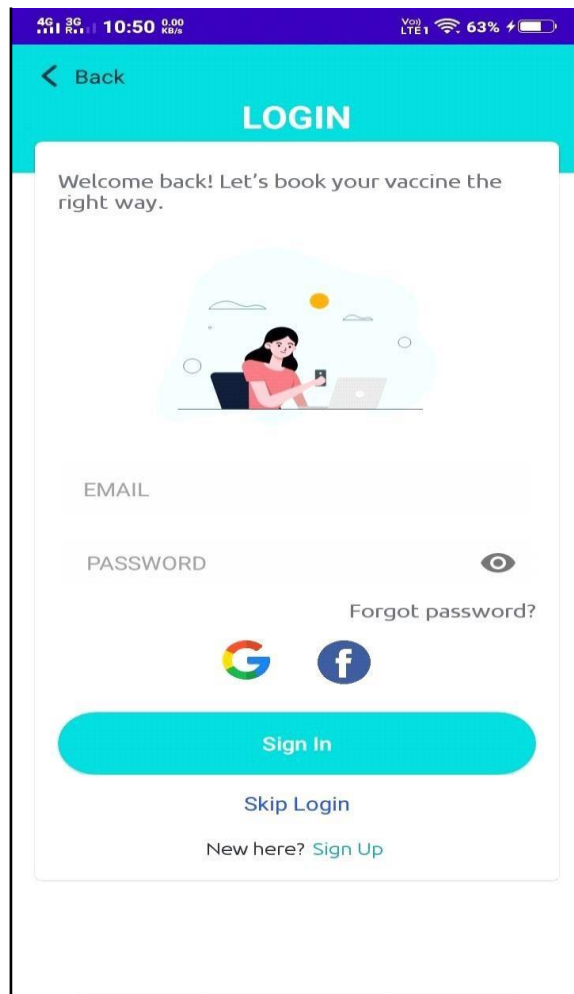

Request Parameter –

```
{  
  "id": 0,  
  "email": "abcuser10@gmail.com",  
  "name": "abcUser10",  
  "password": "User@123",  
  "confirmPassword": "User@123",  
  "phoneNumber": "9777766666"  
}
```

Response -

Login -

The image shows a mobile application login screen. At the top, there is a status bar with network and battery information. Below it is a teal header with a back arrow and the word "LOGIN". The main content area has a white background with a teal border. It starts with a welcome message: "Welcome back! Let's book your vaccine the right way." followed by an illustration of a person at a laptop. Below the illustration are input fields for "EMAIL" and "PASSWORD". To the right of the password field is an eye icon for toggling visibility. Below the password field is a link "Forgot password?". Underneath these are social login buttons for Google and Facebook. A large teal "Sign In" button is centered below the social buttons. Below the "Sign In" button are two links: "Skip Login" and "New here? Sign Up".

User can login with email and Password, Google or facebook. After Click on forget password user can change the old password. If a user wants to an see item without login then they can select skip login option. But after select skip login option user only see the item they can't purchase the item. Sign up link is use to create new Registration.
